

No.	Country	Name of Participants	Address	Expertise	Topic
1	Australia	Frank Murray	Murdoch University, Perth	air pollution & health	
2	China	Bingheng Chen	Fudan University School of Public Health Department of Environmental Health Shanghai 200032 China	environmental health criteria	Health-based risk assessment on ambient air pollution in Shanghai.
3		Renjian Zhang	Chinese Academy of Sciences		Framework for impact assessment of aerosols in the Yangtze River Delta Region-Pilot study of Moonsoon Asia Integrated Regional Study (MAIRS).
4		Jiang Daha	Institute for Environment and Sustainable Development	Impact on water	
5		Dongqun Xu	Chinese Center for Disease Control and Prevention		Study on the inflammation Injury, Immunotoxicology and Genotoxicity of Ambient PM2.5.
6	India	Madhoolika Agrawal	Banaras Hindu, University, Varanasi	air pollution & plant health in India	Agricultural impact of air pollution & carbondioxide.
7		K.S. Kavikumar	Madras School of Economics	impacts of climate change on India agriculture	Methodological issues & India specific impacts.
8		E. Somanathan	Indian Statistical Institute	economics of water impacts	
9		Sudip Mitra	TERI	impact on agriculture	
10		Dr. Naveen Kalra	Indian Agricultural Physics New Delhi - 110 012	effects of BC on Indian agriculture	
11	Japan	Kazuhiko Kobayashi	University of Tokyo	air pollution & rice production in Japan	recent findings of atmospheric impacts on agricultural crops with free-air controlled environment.
12	Thailand	Kim Oanh NT	Asian Institute of Technology	air pollution, environmental health & commerce	

13		Mathuros Ruchirawat	Chulabhorn Research Institute (CRI)	Air pollution and health	
14		Supat	Pollution Control Department	Air pollution	
15	United Kingdom	Lisa Emberson	SEI, University of York, York	air pollution & agro- and forest ecosystems	
16	U.S.A.	Dennise Mauzerall	Princeton University	impact on air pollution on Chinese cities	Impacts of air pollution on agriculture in East Asia in the early - 1990s and projections for 2020.
17		Jeffrey Vincent	IR/P, UCSD	economic impacts on Indian rice production.	
18	WHO	Deoraj (Harry) Caussy	WHO-South Asia	air pollution and health	assessing the health effects of outdoor air pollution in South-East Asia.
20	Sri Lanka	Frank Rijsberman (to be confirmed)	International Water Management Institute (IWMI) Colombo, Sri Lanka
